

## BE 599 Independent Study Proposal

Semester: \_\_\_\_\_

Student: \_\_\_\_\_

Faculty Mentor: \_\_\_\_\_

*The purpose of BE 599 is to allow a student to create a customized curriculum to study material beyond or outside the scope of our standard BE course offerings. Independent study is NOT a research or design project, it is a one-on-one or small-group course with a professor. The course should require an effort comparable to that of a regular course, about 10-12 hours per week.*

Topic: \_\_\_\_\_

Learning Objectives:

---

---

---

---

Scope:

---

---

---

---

---

Content:

---

---

---
